

MoCAP

Helping to capture more federal funding dollars
for Missouri nonprofits and governmental
organizations focusing on health and prevention.

MFH
MISSOURI FOUNDATION FOR HEALTH

FREE technical help and grant writing services

+ On-line resources

= Greater chance for federal funding

How can I use MoCAP?

- **ACCESS** MoCAP website resources – learn to navigate the confusing federal application process, get list of available federal grants, improve your grantwriting skills.
- **LOCATE** federal funding that matches goal of your intended program. *(Having a concept paper already created is a good idea)*
- **CONNECT** with a MoCAP-funded consultant who is experienced in successful federal grant writing. *(Not all organizations will qualify for consultant funding)*

Is MoCAP right for my organization?

- **Quick assessment:**
 - Am I . . . a 501(c)3 or governmental organization?
 - Am I . . . in the MFH service area?
 - Do I . . . have time to work on a grant with consultant help?
 - Can I . . . manage federal monies if I get them?
